Description

A luxury watch from the Constellation collection, known as the “gold shell” featuring a dial now called

“Stardust”.

Steel case covered with an 18-karat rose gold (750) shell on the stylized horn-shaped lugs, as well as on the smooth bezel; screwed steel back with an applied gold medallion depicting the Geneva Observatory (signed and numbered). Branded winding crown. Silvered, patinated “Stardust” pie-pan dial with a date window at 3 o’clock and applied indexes. Dauphine hands and a large rose gold seconds hand.

Textured black leather strap with a plated pin buckle and vintage-style chocolate-brown leather.

Movement: Mechanical automatic winding OMEGA Caliber 564, Swiss Chronometer certified.
