Description

Legendary large aperture version of the alarm watch known as the “Memovox.”

Round steel case with screwed back (signed LeCoultre, Memovox, and numbered). Tobacco-colored tropicalized dial (originally silver) with railway track, applied indexes, and steel dauphine hands. Central disc with applied arrow for alarm setting (with patina). White date window at 3 o'clock and crown at 2 o'clock for the alarm function (crowns signed).

Comes with two leather straps, one strap in gold ostrich leather and one strap in black textured leather with a pin buckle.

Movement: mechanical automatic winding caliber with stop signed JAEGER-LeCOULTRE / K 825 Swiss.
