Condition : Very good condition (workshop)

Box : original

Papers : original

Description

Large aperture diver's watch, made of satin-finished steel, with lugs and a screwed back (decorated with a fleur-de-lis, signed and numbered).

Unidirectional rotating bezel overmolded with black rubber, LumiNova cap at 12 o'clock. Black screwed crown with a 1/4-turn mechanism at 2 o'clock. Black dial with two recessed sub-dials, large applied indexes and luminescent sword-shaped hands. Functions: hours, minutes, retrograde power reserve indicator for 88 hours at 8 o'clock, and small recessed seconds sub-dial at 4 o'clock.

PEQUIGNET black stitched canvas strap with original satin-finished steel pin buckle and its black PEQUIGNET rubber strap with deployant buckle (both new).

Movement: Mechanical automatic winding caliber signed PEQUIGNET / Caliber Royal produced by the manufacture.
